# NASDAQ: DDOG
## Datadog, Inc.

Datadog offers a SaaS (Software as a Service) platform that allows companies to connect all sources of data for real-time monitoring. This allows for complex, real-time monitoring of all aspects of the business, which is a service, that is greatly needed and easily scalable. This makes Datadog a high-growth potential player among the high-growth themes of cybersecurity, AI, and the cloud computing.

DDOG's market cap is currently around $47 Billion, with an average daily share volume of about 2.6 million. The company currently pays no dividend. The stock is up about 56% over the last year (as compared to about 29% for S&P500) with the stock being fairly stagnant from last July until this May. Since it's September 2019 IPO the stock is up about 355% (vs about 50% for the S&P500).

DDOG may be a good stock to consider for long-term exponential growth.
